

The future of molecular MR

A Cellular and Molecular Imaging Workshop

St. John's, Newfoundland, Canada • July 14-17, 2019

	SUNDAY July, 14th	MONDAY July, 15th	TUESDAY July, 16th	WEDNESDAY July, 17th
8:30 - 9:00		Session 1 Synthetic Biology Approaches Intro: Alan Jasanoff	Session 5 Microenvironment 1 Intro: Dean Sherry	Session 9 Cellular Imaging Intro: Paula Foster
9:00 - 9:30				
9:30 - 10:00				
10:00 - 10:30		Coffee Break	Coffee Break	Coffee Break
10:30 - 11:00		Session 2 Novel Mechanisms of MR Contrast Intro: Silvio Aime	Session 6 Microenvironment 2 Intro: Kristine Glunde	Session 10 Molecular MR of Treatment Response Intro: Kevin Brindle
11:00 - 11:30				The Future of Molecular MRI Round Table
11:30 - 12:00				
12:00 - 12:30		Lunch	Lunch	Lunch
12:30 - 13:00				
13:00 - 13:30				
13:30 - 14:00		Session 3 Alternatives to Gd Intro: Eva Toth	Session 7 Advanced MR Imaging Techniques Intro: Lucio Frydman	Young investigator award ceremony and Keynote Lecture: Bruce Rosen, M.D., Ph.D
14:00 - 14:30				
14:30 - 15:00				
15:00 - 15:30		Session 4 MR+X Multimodal Imaging 1 Intro: Mikhail Shapiro	Session 8 MR+X Multimodal Imaging 2 Intro: Claudia Calcagno	
15:30 - 16:00				
16:00 - 16:30				
16:30 - 17:00		Poster Session 1	Poster Session 2	
17:00 - 17:30	Registration			
17:30 - 18:00				
18:00 - 18:30	Reception			
18:30 - 19:00				
19:00 - 19:30				
19:30 - 20:00				
20:00 - 20:30			Dinner and exhibit @ Johnson Geo Centre	
20:30 - 21:00				
21:00 - 21:30				
21:30 - 22:00				
22:00 - 22:30
